Subject: Re: Geantino? Posted by Tobias Stockmanns on Mon, 11 Feb 2008 10:39:51 GMT View Forum Message <> Reply to Message

Hi Alicia,

thank you for your reply.

I have tested your suggestion. Unfortunately it fails with the following error message:

TG4PrimaryGeneratorAction::TransformPrimaries: G4ParticleTable::FindParticle() failed for crootino pdgEncoding=10000000. \*\*\* TG4Exception: Aborting execution \*\*\*

Do you have any idea how to solve this problem?

Tanks,

Tobias
