Subject: Re: PdgCode > 1000000000 ? Posted by asanchez on Tue, 12 Feb 2008 11:34:35 GMT View Forum Message <> Reply to Message

Hi Tobias and Sebastian these particles are ions look at base/CbmParticle

fpdg= 1000000+10000* z +10 * a;

what i don't know is because, if they are produced why are not recognised by geant.

try with geant3, if it work maybe these particles are not added for geant4 VMC.

It is strange because for me it works. Are you working with the development package(new Packages)

Maybe Mohammad can say something about it.

cheers ALicia.
