Subject: Re: Eclipse IDE Posted by Mohammad Al-Turany on Thu, 06 Mar 2008 14:55:17 GMT View Forum Message <> Reply to Message

Hi,

I am using it also! So I can say the plugin for CMake is very useful if you would like to work this way. The following link explain in details how to do this:

http://www.vtk.org/Wiki/CMake:Eclipse\_UNIX\_Tutorial

and with the next release of cmake (2.6.0) one can use "Eclipse CDT4 Generator" from cmake to generate eclipse projects directly!

Mohammad
