Subject: vmplayer and Grid Posted by Dan Protopopescu on Fri, 04 Apr 2008 12:27:49 GMT View Forum Message <> Reply to Message

I propose using this wiki page as documentation of the vmplayer tests: http://panda-wiki.gsi.de/cgi-bin/viewauth/Computing/VmPlayer Could I ask the parties involved to document as much as possible there? Links, installation and testing procedure, results etc.
