Hi All,

I have problem in running the reconstruction although this macro was working fine, somehow today it is not working. Today I updated everything from SVN. Has there any change been made? Or I'm making some mistakes some where. I set the SIMPATH as

/misc/cbmsoft/Debian3.1/fairsoft/

I tried to run the following macro from pandaroot/macro/fsim/runAll.C but it is giving lots of errors.

The errors are as follows:
