Dear all,

The next PANDA collaboration meeting is approaching fast. On Monday the 23rd of June there
will be a computing session in the afternoon starting at 14:00 hours.
Since I would like to setup the program soon, I ask you to provide me with contributions asap,
but not later than the end of this week.

Furthermore: there will be tutorial sessions on Tuesday afternoon and - likely - on Friday
morning that week. But this is not all, there is even a dessert: on Friday afternoon, a meeting
has been scheduled devoted to benchmark simulations (highly recommended to join)!!

Enough fun, I would say....

Johan.
