Yes the same thing happened to me as well:

Toggle Spoiler

Best regardsEvtGen:event Number 16900

```
*****
*                                     *
* PHOENE: Too much Bremsstrahlung required, PRSOFT = -0.585673 *
* Fatal Error Message, I stop this Run ! *
*                                     *
*****
```
