Yes the same thing happened to me as well:

Toggle Spoiler

Best regards EvtGen:event Number 16900

```
*****
*
*                               *
* PHOENE: Too much Bremsstrahlung required, PRSOFT = -0.585673 *
* Fatal Error Message, I stop this Run ! *
*                               *
*****
```

Oscar
