Subject: Re: correction in emc bump splitting Posted by Johan Messchendorp on Thu, 19 Feb 2009 20:48:46 GMT View Forum Message <> Reply to Message

Hi,

I started a new series of simulations with the older forward endcap design, as we discussed this afternoon. The jobs are in the queue. For Irina, the results will appear at kvip81 (once the jobs start running, though) at the location:

/daq/panda/simgg_feb09/....

Kind wishes,

Johan.
