Subject: Re: GEANE on 64bit Ubuntu 9.04 Posted by Anonymous Poster on Wed, 13 May 2009 12:08:49 GMT View Forum Message <> Reply to Message

Hi,

I dont have any serious experience with GEANE on 64bit. The thing I posted before was my only experience. Whether you need to investigate: Well, if you have a 64bit system in Pavia, I think it would be good to test it. I think in the future that will become important.

Cheers, Christian
