Announcement

Call for Papers/Abstracts and Invited Sessions Proposals for The 8th International Conference on Computing, Communications and Control Technologies: CCCT 2010 (April 6 -9, 2010 - Orlando, Florida, USA). http://www.2010iiisconferences.org/CCCT

Deadlines:
Papers/Abstracts Submissions and Invited Sessions Proposals: September 30th, 2009
Authors Notifications: November 16th, 2009
Camera-ready, full papers: December 16th, 2009

All Submitted papers/abstracts will go through three reviewing processes: (1) double-blind (at least three reviewers), (2) non-blind, and (3) participative peer reviews. These three kinds of review will support the selection process of those papers/abstracts that will be accepted for their presentation at the conference, as well as those to be selected for their publication in JSCI Journal.

Pre-Conference and Post-conference Virtual sessions (via electronic forums) will be held for each session included in the conference program, so that sessions papers can be read before the conference, and authors presenting at the same session can interact during one week before and after the conference. Authors can also participate in peer-to-peer reviewing in virtual sessions.

Submissions for Face-to-Face or for Virtual Participation are both accepted. Both kinds of submissions will have the same reviewing process and the accepted papers will be included in the same proceedings.

Authors of accepted papers who registered in the conference can have access to the evaluations and possible feedback provided by the reviewers who recommended the acceptance of their papers/abstracts, so they can accordingly improve the final version of their papers. Non-registered authors will not have access to the reviews of their respective submissions.

Registration fees of an effective invited session organizer will be waived according to the policy described in the web page (click on 'Invited Session', then on 'Benefits for the Organizers of Invited Sessions'), where you can get information about the ten benefits for an invited session organizer. For Invited Sessions Proposals, please visit the conference web site, or directly to http://www.2010iiisconferences.org/ccct/organizer.asp

Authors of the best 10%-20% of the papers presented at the conference (included those virtually presented) will be invited to adapt their papers for their publication in the Journal of Systemics, Cybernetics and Informatics.

Best regards,

Organizing Committee

If you wish to be removed from this mailing list, please send an email to remove@mail.2010iiisconferences.org with REMOVE MLCONFERENCES in the subject line.Address: Torre Profesional La California, Av. Francisco de Miranda, Caracas, Venezuela.
