Subject: genfit tracking with GEANE not working since geometry update Posted by Felix Boehmer on Tue, 29 Sep 2009 09:40:01 GMT

View Forum Message <> Reply to Message

Dear Mohammad,

since you moved the geometry from the data to the parameter files, genfit tracking using GEANE is no longer working for me (as you already hinted in your post...). The initialisation of FairGeanePro fails.

This is a problem, since at the moment only downgrading helps.

Kind regards

Felix
