Hi,

Yes, now it compiles but still another problem when loading the TPC library, it seems that your replacement script (command) also replace a line in the tpcLinkDef.h

#ifdef __CINT__   with   #ifdef f_CINT__

which compile but failed to load the library, which crashes all test macros:

http://fairroot.gsi.de/CDash/index.php?project=PandaRoot&date=

anyway I correct it now in SVN.

Mohammad
