Subject: Re: Geant3 tracking cuts for the EMC Posted by Bertram Kopf on Fri, 16 Oct 2009 13:25:06 GMT View Forum Message <> Reply to Message

Hi again,

due to this discussion I would like to ask the VMC experts if there is a possibility to use to range cuts instead of fixed energy cuts (at least for G4). I think that such cuts are more reasonable and more convenient for tuning the parameters with real data in the future.

Cheers, Bertram.
