Subject: Re: Can't run Geane Posted by Anonymous Poster on Tue, 03 Nov 2009 07:34:46 GMT View Forum Message <> Reply to Message

Hi Stefano,

you were right! After updating (to the rev. 6858) and cleaning up everything I am able to run run_digi_stt_sttcombi.C and run_reco_sttcombi.C from tutorial/lhetrack. But now I have the next problem when I run run_kalman_stt.C. It crashes with the following output:

Cross section calculation concluded successfully -I- FairMCApplication:: Monte carlo Engine Initialisation with TGeant3TGeo I- FairGeane::FairGeane: Geane is Initialized -E- FairRootManager Branch: PndTpcCluster not found in Tree -E- FairRootManager Branch: PndTpcCluster not found in Tree Error in <PndLheKalmanTask::PndLheKalmanTask::Init>: PndTpcCluster array not found -E- FairRootManager Branch: GEMHit not found in Tree -E- FairRootManager Branch: GEMHit not found in Tree -E- FairRootManager Branch: GEMHit not found in Tree Error in <PndLheKalmanTask::PndLheKalmanTask::Init>: GEMHit array not found **** S/R ERPROP IERR = 2

*** Error in subr. TRPROP 2 called bysubr. ERPROP

*** S/R ERPROP IERR = 2

*** Error in subr. TRPROP 2 called bysubr. ERPROP

Do you have an idea what's wrong?

Andrey
