Hi everybody,

on EPICS tech-talk there is an interesting thread about
which PLCs are used within the EPICS community.

Interesting not only for EPICS.

http://www.aps.anl.gov/epics/tech-talk/2009/msg01775.php

IMHO, what comes out is to make a requirements list and to see what manpower (critical resources) are available or are already existing.

Within this thread Dave Dudley, i.e. shows their evaluation for BNL,
http://pubweb.bnl.gov/~ddudley/PLC_Selection.ppt

Have a look,

Peter
