Dear all,

there will be a PandaRoot EVO Meeting next Tuesday, 13.05., 10:00-12:00.

Audio testing from 09:30.

Preliminary Agenda:

o news from vertex and mass constraint fitter in rho (!) (Dipak, Klaus G.)
o dE/dx in fsc, more puzzles (Ola W.)
o run_reco.C
  -> tof in lhetrack (Alicia, if she likes to say a few words)
o stepsize in geane
  -> discussion: which default is best (0.05 or 0.001)?
o next stable release
  -> discussion: tags and svn copy
o agenda is evolving ... probably more interesting topics ...
  maybe Vanni about PID,
  new logo proposals,
  etc. etc.

Talk to you all!

Soeren (& Johan)
