Hi everybody

The submission to the old DashBoard at lxg14.17.gsi.de will be switched of tomorrow. The old data will be still available for some time but the new submissions will only go to new DashBoard at

<http://fairroot.gsi.de/CDash/index.php?project=PandaRoot>

Ciao

Florian

Hi everybody

The last submission to the old dashboard took place on 17.01.09. For me everything looks okay.
Since i didn't hear any complaints about the movement or reports about some problems for me the movement is finalized.

Ciao

Florian

Goodybe,
good old dashboard.
Friends of many warnings and errors... we will miss you.
Rest in peace!

Hi Stefano

If you miss the errors and warnings you can find them on the new dashboard and if these are not enough i can send some by mail .

Ciao

Florian
