Dear all,

The collaboration meeting is coming up soon. On Monday that week, there will be a computing session, which will be chaired by Soeren. Contributions for this event are welcome! Please inform us whether you want to give a contribution. But not later than the 10th of June!

Greets,

Johan.

Dear all,

I have at the moment the following list of contributions...

Isabella Garzia - Discussion about the geometry of Forward Tracker
Yutie Liang - forward DIRC
Bjoern Spruck - EvtGenDirect
Bjoern Spruck - MC generator ID
Tobias Stockmanns - MC propagation & PndGeoHandling
Johannes Rauch - A new track representation for GENFIT
Vishwajeet Jha - Status of vertex and kinematic fitting in PANDA
Alexander Kisselev - ToF-based PID for PANDA
Vannirajan Suyam-Jothi - EMC response and PID studies
Stefano Spataro - Status of LHE tracking and PID
Ralf Kliemt - Technical Update of the MVD Software
Radek Karabowicz - Ideal global track merger
Susanna Costanza - Analysis of the channels psi(3770) --> D+D- and etac -->K0S K pi with PandaROOT
Aida Galoyan - New release of Dpm generator

Do I miss anyone... last call!

Johan.

Hi Johan,

I forgot to tell: "Technical Update of the MVD Software" (~7 min)

Kind regards, Ralf.

Dear all,
I have put all talk titles into the agenda in the Indico system.
As you might have seen by Lars' announcement,
there is a change related to the Indico
this collaboration meeting for the 1st time:

-> YOU WILL UPLOAD YOUR TALKS!

What do you need?
Check your email inbox.
There was an email by Lars on Apr 20 about the
"Panda User Datebase" where you should have been added
(if you were listed as an official Panda member).
About 1-2 days later (so Apr 21 or 22) you should have
received an email from "accounts-service@gsi.de".
There everything is written.
You have to do 2 things:

1.) log into the web based Oracle system
http://www-oracle.gsi.de
If you didn't receive a password before (that was the case for me),
you have to submit the request for "password reset".
It is one of the links on the www page.
You will receive another email with a link to click
for confirmation.

2.) Then log into the Indico system
in the Indico time tables for the Stockholm Meeting
e.g.

https://indico.gsi.de/conferenceDisplay.py?confId=1012

there are "login" links on the top right.

And now let's try!

See you on Monday.

cheers, Soeren
