Dear all,

as decided few weeks ago, the second part of the (PANDA) PWA Lecture, given by Klaus Peters, will take place on next thursday at GSI in room KP1/3.

The major topics are the different PWA formalisms. The lecture is divided in two sessions, a morning session (10h30-12h30) and an afternoon session from 14h00 till 16h00.

Afterwards an one hour PWA meeting will follow, where status reports of the recent PWA activities will be presented. The meeting will therefore be closed at 17h00.

Best regards,  
Bertram.
