Any one from computing interested to go to 2011 IEEE conference? If so, let us know (see email from Daniela below)

-----

Dear All,

I would like to draw your attention to the 2011 IEEE Conference. http://www.nss-mic.org/2011/NSSMain.asp I suggest to people involved in detector developments and software and computing for panda ( and other topics you can see on the web page of the conference) to send abstracts. Deadline: 10 May. Best regards Daniela Calvo
