Dear all,

In about 2 weeks, there will be a computing parallel session held on the collaboration meeting at the GSI. The computing session will be on Tuesday afternoon, starting at 14:00 hours. Contributions (talks, topics to discuss, etc) are welcomed, but not later than 1st of March...

Greets,

Johan.

Hi all,

So far I have the following presentations/discussions for the computing session:

Radek - proof on demand
Rene/Radek - GRID status
Gianluigi - SciTil development
Gosia - Results on MVA application for PID
Ronald - Particle identification with the EMC
Dmitry - e+e-/pi+pi- studies with PandaRoot
Klaus - new tutorial
myself - discussion on computing study week

Did I miss anything? Or are there any other wishes for talks? Please let me know! For the speakers, also give me your titles.

Greets,

Johan.
