
Subject: [FIXED] svn update error

Posted by [Garzia Isabella](#) on Wed, 03 Apr 2013 09:00:31 GMT

[View Forum Message](#) <> [Reply to Message](#)

Hi all,

I updated my pandaroot environment (svn update) and I found the following error:

...

...

```
[ 54%] Generating PndTrackingDict.cxx, PndTrackingDict.h
```

```
Scanning dependencies of target Tracking
```

```
[ 54%] Building CXX object tracking/CMakeFiles/Tracking.dir/PndTrkLegendreFits.cxx.o
```

```
[ 54%] Building CXX object tracking/CMakeFiles/Tracking.dir/PndTrkTracking.cxx.o
```

```
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx: In member function 'void PndTrkTracking::Initialization_ClassVariables()':
```

```
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx:308:15: error:
```

```
'fnParContigue' was not declared in this scope
```

```
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx:311:15: error:
```

```
'fListParContiguous' was not declared in this scope
```

```
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx: In member function 'virtual InitStatus PndTrkTracking::Init()':
```

```
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx:617:2: error:
```

```
'fnParContigue' was not declared in this scope
```

```
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx:618:2: error:
```

```
'fListParContiguous' was not declared in this scope
```

```
make[2]: *** [tracking/CMakeFiles/Tracking.dir/PndTrkTracking.cxx.o] Error 1
```

```
make[1]: *** [tracking/CMakeFiles/Tracking.dir/all] Error 2
```

```
make: *** [all] Error 2
```

I had a look into the code and seems that "fnParContigue" and "fListParContiguous" are not defined (in PndTrkTracking.h).

Can somebody fix it?

Thanks in advance,

Isabella

Hi Gianluigi,
thanks, now it works!

Ciao,
Isabella.

Not for me:

```
[ 54%] Building CXX object tracking/CMakeFiles/Tracking.dir/PndTrkSttAdjacencies.cxx.o
/Users/spataro/sep12/trunk/tracking/PndTrkSttAdjacencies.cxx:37:17: error: variable length
array of non-POD element type 'TVector3'
    TVector3 center[NUMBER_STRAWS], wiredirection[NUMBER_STRAWS];
```

```

    ^
/Users/spataro/sep12/trunk/tracking/PndTrkSttAdjacencies.cxx:46:3: error: use of undeclared
identifier 'wiredirection'
    wiredirection[i-1] = pSttTube->GetWireDirection();
    ^
/Users/spataro/sep12/trunk/tracking/PndTrkSttAdjacencies.cxx:51:12: error: use of undeclared
identifier 'wiredirection'
    if( fabs(wiredirection[i].Z() -1.) > 1.e-5) continue; // non considero le skew;
    ^
/Users/spataro/sep12/trunk/tracking/PndTrkSttAdjacencies.cxx:56:13: error: use of undeclared
identifier 'wiredirection'
    if( fabs(wiredirection[j].Z() -1.) > 1.e-5) continue; // non considero le skew;
    ^
4 errors generated.
```

I presume it depends on the compiler since it works on the Lenny 64 bit machines at GSI.
Anyway, I put in svn a new version with a more conservative syntax, please try it
Gianluigi
