Please read the following discussion about the implementation of a multiplicity filter for DPM direct on the forum (start with message #15371) in order to follow my talk at the next Evo Meeting more easily (it will probably be quite technical):

http://forum.gsi.de/index.php?t=msg&goto=15583&rid=1493&S=68a522d7c445512cdf70b89b36afdf68#msg_15371

You can also find my slides attached to this message.

[EDIT: File removed, updated version is available.]
