Subject: New generator EvtPPPsiPiPi
Posted by Alexey Luchinsky on Tue, 08 Jul 2014 06:22:48 GMT

Dear Colleagues,

I would like to announce a new EvtGen generator for simulation of exclusive production of J/psi pi0 pi0 final state. Its code can be found in PandaRoot repository and devoted to this generator report was presented at XLIX Collaboration Meeting.

Best regards,
Alexey Luchinsky,
IHEP, Protvino
