Dear all,

I created a web site with the list of files which have been mirrored to GSI.

Please have a look at:

Cheers,

Dear all,

3 more runs have been mirrored to GSI:

/alice/data/2006/LHC06b/000002548/*

/alice/data/2006/LHC06b/000002557/*

/alice/data/2006/LHC06b/000002574/*

the website has been updated accordingly.

The PDC07 data have not been copied yet.

Cheers,

Kilian
