Dear all,

there will be a PandaRoot EVO meeting next Wednesday, Oct 10.

Please note the changed starting time!

10:00 European time
17:00 Japanese time

(as noone replied to the meeting annoucement on Sep 23,
I hope the changed time is O.K. as an exceptional case)

Tentative Agenda:

1.) tracking tutorials
experiences?
2.) ongoing work, anything new to report?
(e.g. vertex fitter, drc, tof, dch, etc.
even if maybe code not yet checked in)
3.) towards Vers. 2.0, where are we?
status of the detectors -> which ones are ready for 2.0?,
new geant 4.9, new root 5.16, etc. etc.
4.) anything else?
(bug reports etc.)

Hope to talk to you all.

Soeren & Johan

Dear Soeren and others,

Fine with me, although I do have another meeting at that time. I will try to move the other
meeting to the afternoon....

Kind wishes and hope to "hear" all of you on Wednesday.

Johan.
