Dear all,

here is a simple diagram of the stt classes. I'm attaching both a bmp and a power point file.
The symbols are the same of Ralph and Tobias' previous diagrams.
The dotted box means "to be implemented".

Best regards, Pablo

Hi!

A first Flowchart for the TPC is in the Wiki. However I will create a new one soon, since the one given there is a bit outdated and does not include the reco yet.

Cheers! Sebastian.
