FYI, see message below.

Dear Johan,

the course might be interesting for PANDA Monte Carlo developers.

Best regards,
Fritz-Herbert

Subject: FLUKA Training course, Paris, 29 September - 3 October 2008

Dear colleagues

From 29 September to 3 October 2008 a Training Course on FLUKA
<<http://www.nea.fr/html/dbprog/Newsletter/FLUKA-syllabus2008-09.html>> ,
a fully integrated particle physics Monte Carlo simulation package is
scheduled at OECD/NEA Data Bank, Issy-les-Moulineaux, France. The course
will be based on the new release of FLUKA, which among other
improvements , will contain a new and improved neutron library. If you
are interested to attend, please fill in the Registration form
<<http://www.nea.fr/html/dbprog/Newsletter/FLUKA-course2008-09.html>> .

The course will be taught by the code authors.

Kind regards

The FLUKA Team and the OECD/NEA Data Bank
