Hi all,

I am sending this as a new topic, so that (after the "notification for all messages" is switched off again) everybody gets it as an email.

It seems that Wednesday 10-12 is really a problematic time.

However, just to illustrate the problem.

a.) Stefano has intensive german course every day, for the next 7-8 weeks (and after that he will probably change his name to Stefan Schpataro).

b.) It would be honestly really useful if he could attend the meeting, because he has some new results for dE/dx which would be very important for other people (e.g. Vanni and everyone working on PID).

So let me try to start another poll.

Maybe we can change the day.

cheers, Soeren

Change of Meeting Time, Part 2 (total votes: 2)

| | |
|-----------------------------------|----------|
| Monday 10-12 is fine | 0/(0%) |
| Tuesday 10-12 is fine | 2/(100%) |
| Thursday 10-12 is fine | 0/(0%) |
| Friday 10-12 is fine | 0/(0%) |
| 10-12 is always impossible for me | 0/(0%) |

Hi all,

Ola just brought up the point that the poll is not "multiple choice" (and I can't find how to do that ... maybe it is not foreseen).

If there are several days where you have time 10-12, please just post a reply here or send an email to me, and I will collect.

cheers, Soeren

Let's move the poll into this other website.
You do not have to register, just put your preferences and your name as I did. No e-mail address is needed. Just vote

I am sorry but this is in italian: just put your name under "Nome", click on the available days of the week, and then press the "Votare" button. Nothing else...
