Dear Geant4 users,

Geant4.6.2 has been installed at GSI.

For gcc295-04 at

/u/gsisim/simulation/geant4.6.2

for gcc323-00 at

/usr/local/pub/debian3.0/gcc323-00/sim/geant4.6.2

initialisation is done according to \$GSI_COMPILER_CC
with

". gsisimlogin dev"

The installed versions are now as follows:

```
echo "                dev : geant4.6.2 debug"
echo "                new  : geant4.6.1 debug"
echo "                prod  : geant4.6.0 debug"
echo "                old   : geant4.5.2"
echo " older versions by version tag, "
echo "                e.g. g4.5.1: geant4.5.1"
```

Cheers,

Kilian

Subject: Geant4.6.2 - patch 01 installed

Posted by [Kilian Schwarz](#) on Fri, 30 Jul 2004 06:36:48 GMT

[View Forum Message](#) <> [Reply to Message](#)

Dear Geant4 users,

Patch 01 for Geant4.6.2 has been installed for both compiler versions.

For gcc295-04 the patch has been added to the existing installation at

G4INSTALL = /u/gsisim/simulation/geant4.6.2

For gcc323-00 a new patched version has been installed at

G4INSTALL = /usr/local/pub/debian3.0/gcc323-00/sim/geant4.6.2.p01
Both are accessible via
. gsisimlogin dev

Cheers,

Kilian
