Dear all,

I propose to start the pandaroot meetings again, albeit it holiday season, since there are many items to discuss. The next meeting will take place next week Friday, the 23rd, at 14:00 hours, of course via EVO. Topics for the upcoming meeting are:

-----

- 1) General announcements
- 2) User problems - e.g. those users who encountered some problems or would like to show something relevant for the developments, please send me an email prior to the meeting.
- 3) Tutorial for next CM?
- 4) Time-ordered simulations - Tobias/Mohammad +  
experts data flow of each subdetector
- 5) A.O.B.

-----

Hope to hear you then....

Greetings,

Johan.

Hello,

Just to tell you: I'll not be able to participate that friday.

Kind regards, Ralf.

Hi,

I am at CERN until the weekend and won't be able to participate, either.

Felix

Hi

I'am also at CERN and busy until the weekend and cannot participate.

Sverr

Dear all,

Unfortunately, Tobias cannot participate tomorrow in the meeting, hence the agenda point number 4 (framework for time-ordered simulations) will be moved to another date for a dedicated meeting. My proposal for the dedicated meeting is next week Monday at 14:00 hours.

Nevertheless, I would propose to have a shorter meeting tomorrow to discuss other urgent matters which we have to discuss/organize for the near future.

Best wishes,

Johan.

Ok, thanks for the info Stefano. I would like to have you around in such a dedicated meeting. Tobias, could you tell us your limitations (!) for next week, e.g. when can you not participate for next week?

Johan.

Hi all,

The dedicated "time stamping in PandaRoot" session will be held on

30th of July @ 14:00.... EVO!!!

Greetings,

Johan
