Dear all,

Wednesday morning we will have our next pandaroot meeting. In view of the tracking TDR, I would like to dedicate this meeting to the tracking software. In particular on the present status and needs for the upcoming time... As tentative agenda:

0) general issues: CM etc.
1) outcome of the DC: Dan, Paul could you try to participate?
2) global tracking for TPC: how to proceed here?
3) FW tracking below 20 deg.: software status and perspectives
4) DPM: Coulomb cut-off discussion
5) ...

Greets,

j.
