Dear all,

The new lecture season has started with as a result that Tuesday afternoon has become impossible for me for a pandaroot EVO meeting. I am sure that also for others, their agenda has changed since september.... hence, its time again for a poll to see which day/time would be the most optimum. Here is the link:

Please give me your preferences not later than by the end of this week. The idea is to schedule the next meeting for next week.

Greetings and a happy doodle,

Johan.

Dear all,

It looks like the preference would be Monday's at 10:00. So lets try that day. The first meeting will be held on the 3rd of October. The agenda will be posted later this week. If you would like to see a topic on the agenda, let me know asap.

Greetings,

Johan.
