Dear All,

I have newly installed the DEC09 version. On running the much_sim.C I have got the following error. Looking forward to get an answer.

```
=== much_sim.C : Create generators ...  
/home/gu/cbm/fairsoft/tools/root/bin/root.exe: symbol lookup error:  
/home/gu/cbm/fairsoft/tools/root/lib/libRIO.so: undefined symbol:  
_ZN13TStreamerInfo10ReadBufferIPPCEEiR7TBufferRKT_iiii
```

Regards-
Kalyan
