Dear all,

Our (ir)regular pandaroot will be held tomorrow afternoon, e.g. Tuesday, 14:00 hours.
Tentative agenda items:

1) General items
- new external packages
- ...

2) Open bugs&forum problems

3) Analysis reports
- Dmitry Khaneft
- Gosia (according to Facebook?)

4) Forward tracking campaign and preparations

5) A.O.B.

If you like to give a presentation, discussion, or whatever, please let us know by today...

Greets,

the computing coordinators

Dear Johan
I will not able to participate on the meeting
since I'm at the moment at Barcelona
attending HYP2012 conference.

best regards
Alicia S:

Just want to confirm that I'm going to give short presentation
about parametrization of STT dedx for PID.

Dear Johan,

I am not sure that my study will be related to issue 4), which is a discussion about Forward tracking campaign and preparations.
Few weeks ago, I have made some tests on the tracking using July12 version.

I am wondering whether I have done correctly the test on combined tracking and the problems, which is found during my study, are still persistence or solved already. Recently many other new suggestion for tracking are delivered by Gianluigi, if all performance of tracking is already improved, then I don't need to present it.

Please have a look my material, and make a decision, whether it could be presented in the meeting or can be ignored at this moment.

Best wishes,
Donghee

Thank you for the very nice minutes, Stefano. I was wondering if the next meeting already is October 9th as you wrote. I assumed that we are starting a bi-weekly schedule again.
Martin
