Dear PIDdevelopers,

in the file PndPidTrackInfo.cxx is only one method implemented from PndPidCorrelator (PndPidCorrelator::GetTrackInfo(...)). I guess that this method should be in the file PndPidCorrelator.cxx or become an independent class.

Cheers,

Tobias

This is made on purpose, to isolate such function from the main core of the class. All the Info.cxx files in that folder follow the same principle.
