Dear all,
if you are planning to present a contribution for the computing session at the next Collaboration Meeting, most probably on Tuesday 11 March, please let me know writing the title of the talk and the requested time. Deadline 24th February.

Dear all,
so far only four people asked for a time slot in the computing session. If you intend to give a presentation please let me know as soon as possible, or the second session will be deleted.

Dear all,

I would suggest to have the tracking QA discussion we wanted to have at the last two Collaboration Meetings and which we had to cancel, because we ran out of time. That is assuming this discussion has not happened already (online) and I missed it (due to forum unavailability or traveling). However, if other topics are currently more urgent I can understand if the discussion will be postponed.
