Dear colleagues,

it seems I did not put this topic on this forum before. I am sorry for that.
I applied to a Scint conference
https://indico.cern.ch/event/388511/
18-22 Sept. 2017 in Chamonix
to present the Barrel TOF/SciTil project status.

I was informed, unfortunately, that my contribution was accepted as a poster presentation.
Anyways, I'll post my poster draft in advance.

Greetings,
Ken
