Dear PandaRooters,

the next collaboration meeting from 5.3 - 9.3 is approaching. We already have a couple of presentation request. So, if you want to show the results of your work, reply to this forum message with the title and the time you need for your talk.

Cheers,

Tobias

Just reference, here again a contribution from Uppsala.

Title: Pattern recognition in the PANDA experiment with neural networks

Length: ca 20 min

Names: Arvi Jonnarth and Adam Hedkvist

Cheers,  
Michael

Hi,

I would like to talk about:

Title: Technical aspects of the reconstruction of pbarp->phiphi

Length: ca 15 min

Name: Iman Keshk (Ruhr-Universität Bochum)

Best regards,  
Iman

Dear PandaRooters,

I have put all presentations I am aware of into the timetable of the computing meeting.  
<https://indico.gsi.de/event/6944/>

The order of the presentations is not fixed and will change!

If you want to present something but you are not yet on the agenda then reply to this forum contribution with the title and the length of your presentation ASAP.

Cheers,

Tobias

Hi,

me and Gabriela Pérez are planning to give two presentations focusing on the hyperon reconstruction especially in the forward tracker

Title: TBA (by Tuesday next week)  
Length: ca 15 min  
Name: Jenny Regina

Title: TBA (by Tuesday next week)  
Length: ca 20 min  
Name: Gabriela Pérez

Best,  
Jenny

Hi,

update on the talk-information:

Title: Pattern recognition and detector signatures of hyperons  
Name: Jenny Regina

Title: Detector signatures of  $\Xi^-$ -Xibar<sup>+</sup> hyperons in the forward spectrometer at PANDA

Name: Gabriela Pérez

The titles are preliminary and might change a bit but they describe the content of the talks.

Best,  
Jenny

Dear PandaRooters,

the agenda of the Comuting session during our next collaboration meeting is now fixed.  
Please have a look at the indico page.

Cheers,  
Tobias
